wine program philosophy

Thank you for joining us at Redwood. Our continuing mission is to offer an exciting and unique wine list for your drinking enjoyment.

This list focuses on a hand-selected array of wines from around the world, with a particular focus on small production producers from the West Coast of the US.

Where possible, we have sourced wines that are produced in limited quantities and are from vintners who practice sustainable viticulture - making wine in a way which is economically viable, socially supportive and ecologically sound. Wines produced using organic and bio- dynamic methods, are indicated by a leaf symbol (🍃) on the list.

We hope you will enjoy exploring new and interesting bottles from winemakers who take great pride in their product.
